

ENERGY SAVING, MONEY SAVING . . . FIBERGLASS INSULATION

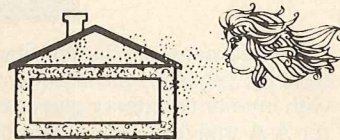

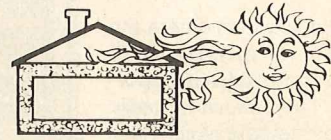

A Sound Investment For Homeowners

Insulation will not rot, decay or settle. Made of fire-proof, time-proof fibers that will last indefinitely. A tough Kraft vapor barrier covers one side of the insulation to protect your home from moisture for years to come.

Every dollar you spend on insulation comes back to you in fuel savings — as much as 30% each year. And, because fiberglass insulation is a permanent improvement, you continue to save, year after year.

Stores will stock either Owens Corning or Johns-Manville Insulation. All sizes not available at all stores. Prices may vary in certain areas. Check your Scotty's store for current low prices.

(See page 106 for Water Heater Insulation Kit.)

Summer & Winter Comfort
