

HARDBOARD SIDING

BRUSHED TEXTURE REVERSE BOARD AND BATTEN HARDBOARD SIDING

Unprimed Shadowcast® siding has a rugged character that strengthens the styling of homes and retains its textured appearance after staining or painting. This all-wood siding is highly resistant to weathering, free of knots and grain and is easy to maintain. Will not split or crack when cut — nails can be driven flush. 7/16" x 4' x 8' sheet.

TEXTURE 1-11 EXTERIOR PLYWOOD SIDING

Fabricated with 100% waterproof glue. Deep parallel grooves provide a light pattern enhanced by light and shadow. Beautiful, decorative, practical. Grooved 4" on center, 3/8" or 5/8" thick. Excellent for remodeling or new construction.

BRUSHED TEXTURE REVERSE BOARD AND BATTEN PLYWOOD SIDING

Traditional beauty in a classic board on board pattern which eliminates the need for battens and the cost of their application. Brushed surfaces accent the natural grain pattern creating striking textured surfaces. Finish with exterior pigmented stain or leave natural. 5/8" thickness. Grooves are 1/4" deep, 1 1/2" wide, spaced 12" on center. In 4' x 8' sheets.
